

Our 50th year of holding this event is something to celebrate!

Unfortunately, throughout our 50 years, we have lost many people who participated in our event and our lives. People who we consider family, as well as friends.

We would like to remember as many of them as possible by using their photo in a project we are working on.

Attached, please find the latest memorial list, by club, in alphabetical order. We have photos of all the people on the attached list that are crossed out, however if you have a favorite photo of them you want to use, please send it to us. We are looking for photos of those people who are NOT crossed out.

Many of you have sent photos already, however due to the filmed photos being scanned and then cropped, the image's resolution was too low to use. Please send digital pictures whenever possible and avoid asking them to be cropped, so the image resolution stays high enough to be used.

Also, if there is anyone MISSING from this list who your club has lost or someone's name is misspelled, PLEASE email us back so we can update the list.

The success of this project is in your hands.

THANK YOU all in advance for your help and participation.
