

Hi Convention Friends,

If you missed our orange notebooks that were passed around this year to transcribe your favorite convention memory or thoughts, please send us one NOW! If you already gave us one, THANK YOU. You do not need to share it again; we got it!

Your thoughts can include a specific memory from a specific convention (please include the convention and year), or anything that you want to share.

This project can only be successful if you participate, so PLEASE share your memories with us!

Thank you!  
Theresa & Elyse
